Celebrating 15 Years!

It has been 15 years since the University of Arizona Main Campus was officially designated as an Arboretum. Celebrate with us!

On April 1, we will host an Edible Tree Celebration in partnership with the [Arizona LEAF Network](#) to mark the occasion of our 15th Anniversary. In keeping with our commitment to preserve heritage, conserve urban trees and promote sustainable practices, we are delighted to work with LEAF. The Arizona LEAF Network is a community based organization dedicated to connecting people with urban gleaning opportunities and encouraging urban land stewardship.

We invite you to join us in celebration of the Anniversary of the UA Campus Arboretum and to highlight the value of "edible trees" in the campus and urban environment. This free, dynamic, educational, fun event is for all ages. The event will include edible tree tours, a ceremony celebrating the Arboretum's anniversary, educational exhibits, example tree seedlings, and a free raffle every

Tree Campus USA Recognition!

For the 8th year in a row, The University of Arizona qualified and has been nationally recognized as a Tree Campus USA!

Tree Campus USA is a national program launched in 2008 by the Arbor Day Foundation to honor colleges and universities and their leaders for promoting healthy trees and engaging students and staff in the spirit of conservation. To learn more about the standards recognized with this award, see [the Arbor Day Foundation site](#).
