

Remembering Keith Taylor, Jr.

Today we invite you to join us in remembering Keith Taylor Jr. and sharing our tremendous gratitude and respect. Keith passed away peacefully on May 3, 2023 after 90 years of life. Keith was a UA graduate in agriculture (Class of 1954), and a strong advocate and supporter for both the Campus Arboretum and the Desert Legume Program (DELEP). Our hearts are full to have known such a generous human. Our deepest condolences are extended to Brenda, his wife of 43 years, and to his extensive family. The family will announce a celebration of his life to be held on the UA campus later this year.
